

# FARM COVE INTERMEDIATE

11 February 2019

Dear Parents/Caregivers

We are pleased to announce that we will be using Mangahigh as an online mathematics program again this year. Mangahigh helps children consolidate what has been learnt in class in a fun and rewarding online environment. Students will have a number of mathematical activities available to them. The activities assigned by their teacher will complement your child's classroom learning and need to be completed before your child can attempt the other activities that the program recommends, or the maths games available.

As students will have access to this program both at school and at home, we encourage parents to support their children by understanding how they can log in from home and find activities. Instructions are below;

1. Go to [www.mangahigh.com](http://www.mangahigh.com)
2. Click on "Login"
3. Enter your child's login details.

The cost for each student is \$10. We recommend payment via our online shop ([www.farmcove.school.nz](http://www.farmcove.school.nz)). Alternatively, you can pay via internet banking (ASB Highland Park, A/c No. 12 3011 0162324 00); please ensure you reference your child's name, area/homegroup and "Mangahigh". Other methods of payment include cash or cheque in a named envelope dropped in the secure payment box in the Library, and we have EFTPOS available at the school office.

Please complete the slip below indicating your method of payment.

Kind regards

**Tamara Jones**  
**Assistant Principal**
